Enrage me and I'm gonna explode like
A spreading disease, a virus to explore
Your weakness, damage your system

'Cause I'm tha mothafukkin' rider of your fantasy
C'mon, bring it up, I'm gonna fuck with it
Bring ya nightmares you'll never forget
And if ya think I'm pretending: Wait until
I ain't defending no more
Now it's time to regret and see what ya get
Mothafukka, when I mess with your head
– Oh, please ... give it up

You know, I'm pumpin' iron
My strength is undeniable
My mental health untouchable
Payback is unpayable
And I am definitely unfuckable
For you I am just admirable, unreachable
And last but not least completely out of your league
Faker! I am the finest piece of meat spitting rhymes
You'll ever get to meet
So please take your selfie and leave
Keep in membrance I'm the purest diamond
You'll ever get to see, yeah, envy hard
Wish upon a star you were me
Keep on dreaming
'Cause reality is gonna hit ya hard
In your face, mothafukka!
I've been determined right up from the start
As a matter of fact
I got nothing to regret
